## Annual Report: 2024-25

***"TOGETHER WE CAN; WE WILL"***

***"Together we can change the world, just one random act of kindness at a time."***

We delight in the beauty of the butterfly, but rarely admit the changes it has gone through to achieve that beauty.

*"Together let us desire, conceive, and create the new structure of the future, which will embrace architecture and sculpture and painting in one unity and which will one day rise toward Heaven from the hands of a million workers like the crystal symbol of a new faith."*

I take this opportunity to thank the Almighty Lord, for giving us strength in fulfilling our objectives to upgrade the level of school's standard, for handling over the children and guiding all of us in establishing an Education Hub.

***"Let today be the start of something new"***

Rosemary Public School Sunam is a prominent well-established school which falls in Sunam Block 1. The school campus is more than 2 acres of land. The pollution free lush green area gives the right kind of atmosphere for fostering the love of learning. The Annual Report showcases the achievements and glories of our school undoubtedly, but also makes us think deeply about our shortcomings. We have always been committed to create an environment in the school which helps the young minds to blossom and provide a platform for individual thinking and holistic development of the child's personality. A heart filled with aspirations is all that we knew since the very existence of the school and that's what gave us the ambition of marching forward till excellence is achieved in all our endeavours. This report is comprised of the achievements made during the year gone by and at the same time set the path for greater accomplishments in the years to come.

It is with a sense of accomplishment and responsibility that I present the Annual Report for the academic year 2024–2025. This report highlights the key academic and co-curricular milestones achieved by our institution over the past year. This year has been one of growth, resilience, and accomplishment. Despite challenges, our students, teachers, and staff have demonstrated exceptional dedication to learning and character development.

This year has been a very eventful one for us. We have made great efforts to transform ourselves completely into the CBSE's updated scholastic format and have been extremely successful in most of our endeavours. Apart from preparing the children to qualify for purely academic demands, special efforts are being made continuously to enable them to face the challenges of the competitive world. It's a matter of great importance to us that the students who pass out from our portals should carry forward the values they have inherited, excel in whatever they do and be role models in the society.

I extend my heartfelt gratitude to our staff, students, parents, management, and well-wishers for their unwavering support.

*“May be there is a road ahead of it, maybe there is a new world down the road, walking forth is the only plight, because we didn’t come this far to come this far only “*

None of these achievements would have been possible without the single-minded commitment and dedicated care of our teachers. We are also constantly encouraged by parents and well-wishers who have shown much confidence and given their fullest support. We are still not satisfied with this result. We are aiming for the No 1 slot and have adopted various measures to achieve our goal. Extra coaching classes for the Board examinees, regular weekly tests and special counselling sessions for children are some of these steps.

***“Technology is just a tool. In terms of getting the kids working together and motivating them, the teacher is the most important.***

## **CAPACITY BUILDING PROGRAM FOR TEACHERS:**

A great teacher is important to student achievement. So, how does a teacher become a great teacher? Just like the training required for any specialized profession, teachers must train. They need training before they enter the classroom, and they have to receive ongoing training even as they work in the classroom. All this training gives new teachers the greatest chance of success as well as sustain veteran teachers as they meet new challenges in education. To ensure that all our students want to have a joyful learning under the guidance of successful teachers, we Rosemary Public School encourages special training for our facilitators.

With the sole purpose of updating teachers' knowledge, the school hosted a series of Teachers' Trainings. It was an attempt which inclusively engulfed various significant aspects like Moral Values, Life Skills by CBSE, Meditation & Stress Management, English Language and Mathematics. Online trainings on integration of virtual labs in teaching-learning, ICT for teaching and learning of languages, Cyber Parenting, Digital wellness, Elevating Teaching-Learning Dynamics etc. Apart from this, our teachers are made a part of the training sessions and workshops happening at other schools. The ceremony was to badge the leaders of academic year who would be leading this year's all the curricular and co-curricular activities and work with the team effort and bring out new and challenging events with all the success.

The Investiture Ceremony is a representation structure of students through which they become involved in some aspect of the school, working with the students and staff members for the benefit of the school, students and themselves. It gives them the opportunity to sharpen their leadership skills, problem solving, creative and interpersonal skills.

At this ceremony, a school prefectorial board is formed after scrupulous interviewing and selection which gives them a feel of functioning of an official administrative body.
